# PRESIDENT'S MESSAGE

On behalf of the PHAA Board of Directors and the National Show Committee, it is my great pleasure to extend a warm welcome to all competitors to the 47th Paint Horse National Show.

We would like to thank our members who made the effort to enter and attend this year's National Show in this climate of fuel supply issues, high cost of living, etc. Our show numbers may be slightly down on the last 3 years, but we are excited to put on the best National Show ever for you!

Again, this year the Board have listened to the membership and has added several new classes, the Open Walk/Jog Trail, Yearling, 2 year old & 3 year old Led Ranch Versatility events, as well as Limited Horse classes in Western Pleasure, Trail and Hunter Under Saddle. These classes have been added to attract our members who previously didn't have a National Championship class to compete in. Most of these new classes have been well supported, and we hope that they will become a permanent part of the program.

Our charity this year is the "Ride in Shorts for Leah" Please help us in supporting them.

We have updated our merchandise and have some new and exciting items for sale. There is something for everyone. Drop in and have a browse, or just come in and say hi.

I would like to extend a heartfelt thank you to our very hardworking Board of Directors for the months of planning and work leading up to this show AND for securing sponsorship for every class in the program. Without their efforts, this event would not be possible.

Lastly, to our sponsors – the Board extends our personal gratitude and encourages all members to support them at every opportunity.

We hope you have an amazing time at the 47th Paint Horse National Show!

Gail Shaw  
PHAA PRESIDENT

A brown and white pinto horse and its foal are shown in a field. The adult horse is on the left, and the foal is on the right. Both are wearing halter collars. The background is a soft-focus landscape with trees and a warm, golden light.

HorseRecords

# HorseRecords is available on all your devices!

The image displays the HorseRecords application interface across four different devices: a desktop monitor, a laptop, a tablet, and a smartphone. The desktop monitor shows the 'Add events' page with a table of horses and their event dates. The laptop shows the same page with a different layout. The tablet shows a list of horses under the heading 'Andy's Horses'. The smartphone shows a similar list of horses. The background of the devices is a green field with a black and white striped fence.
